SESEC INTRODUCTION

Partners and Role

SESEC is a visibility project co-financed by five European partners

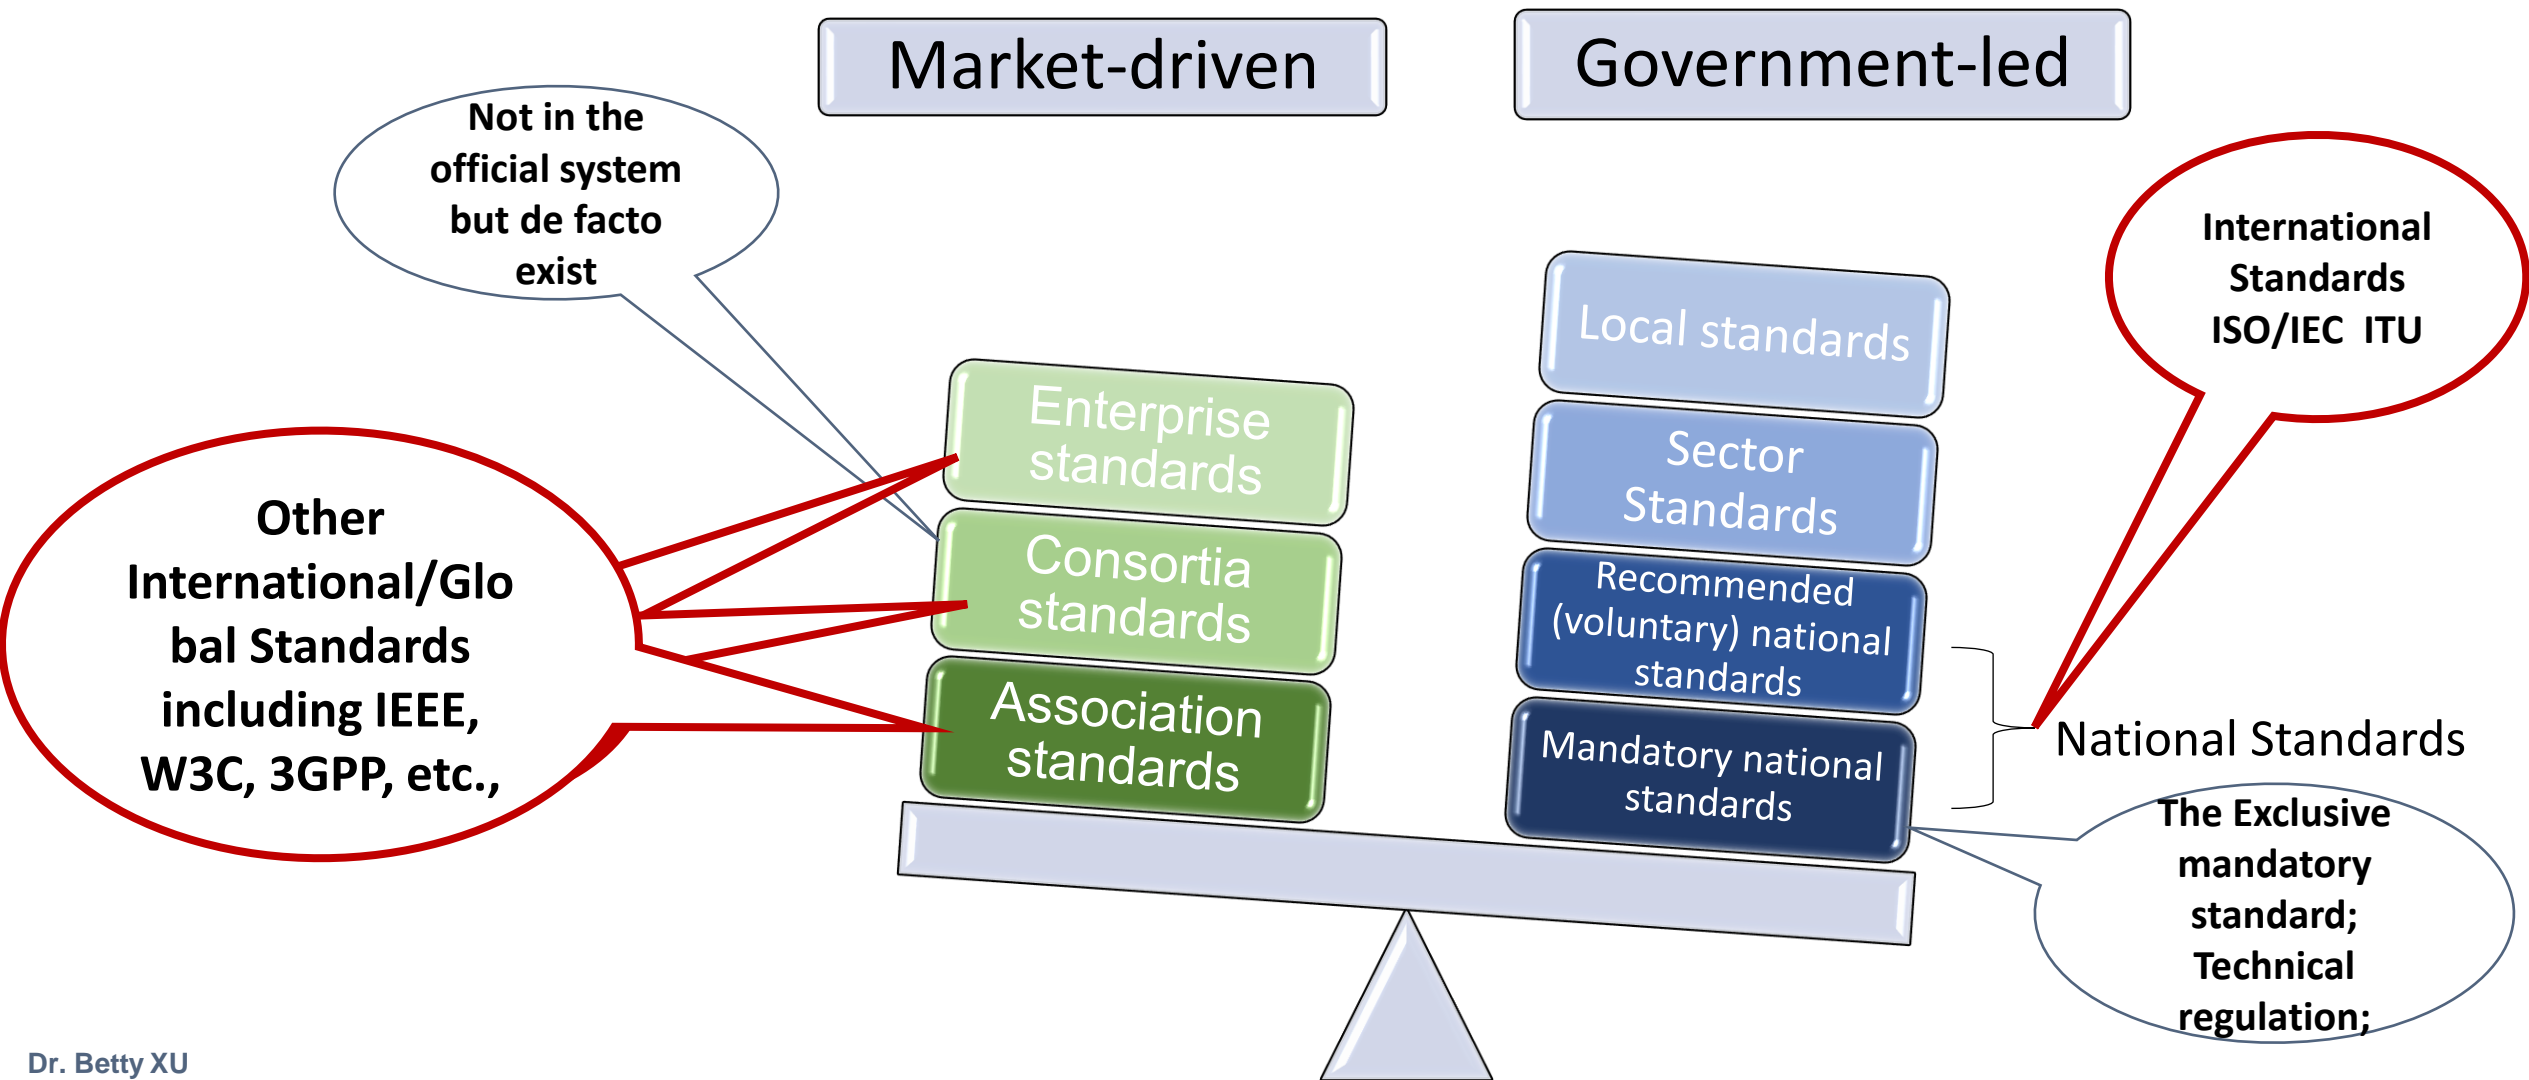

SESEC Partners

- **European Commission (EC)**-The executive body of the European Union; Responsible for proposing legislation, implementing decisions, upholding the treaties and day-to-day management of the EU; DG Grow is the main partner (80%)
- **European Free Trade Association (EFTA)**-Iceland, Liechtenstein, Norway and Switzerland; Intergovernmental organisation set up for the promotion of free trade and economic integration to the benefit of its four Member States; None EU members;
- **CEN**-European Committee for Standardization
- **CENELEC**-European Committee for Electrotechnical Standardization
- **ETSI**-European Telecommunications Standards Institute

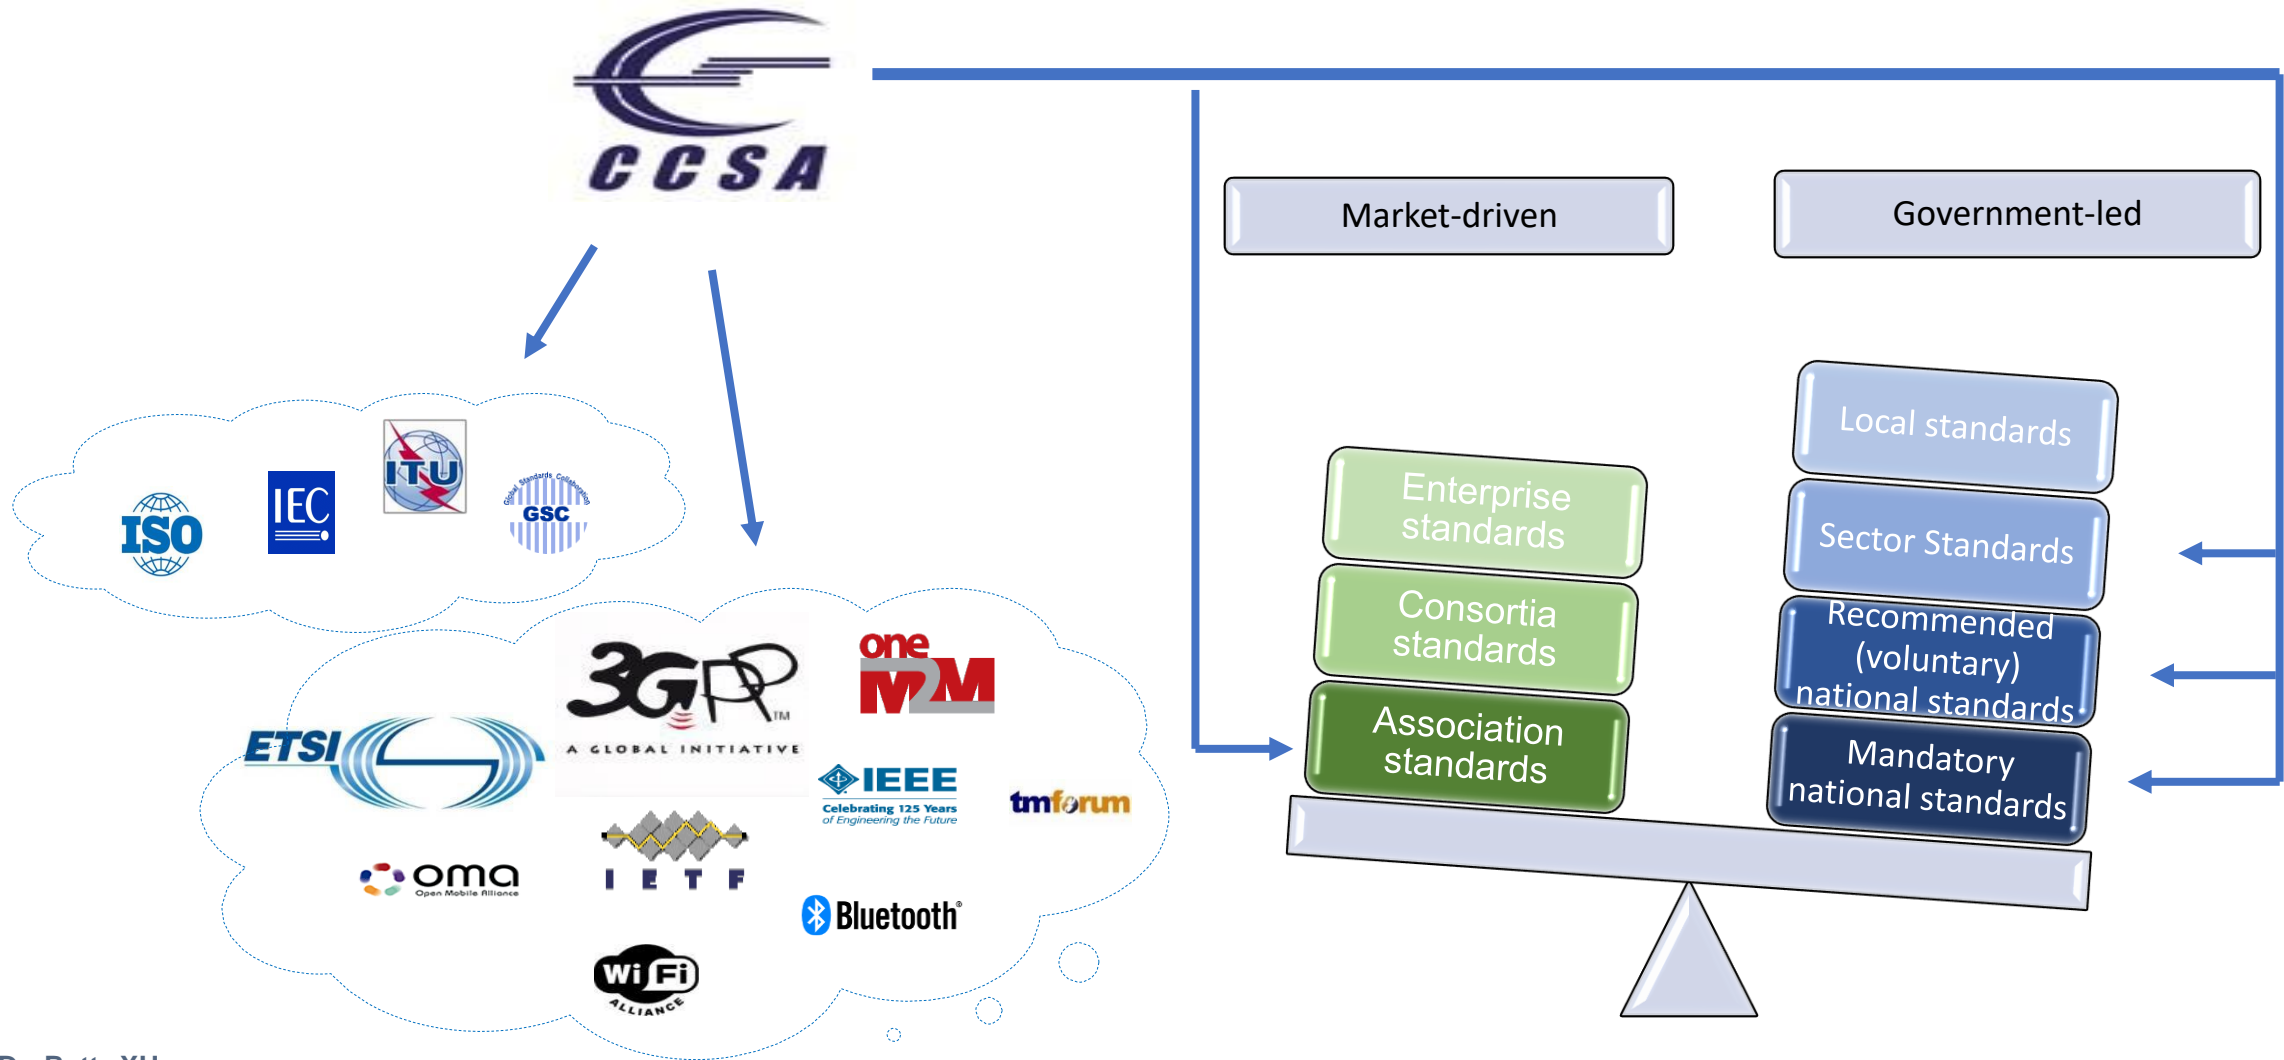

China Standardization System

5 levels – National Standards, Sector Standards, Local Standards, Association Standards, and Enterprises Standards

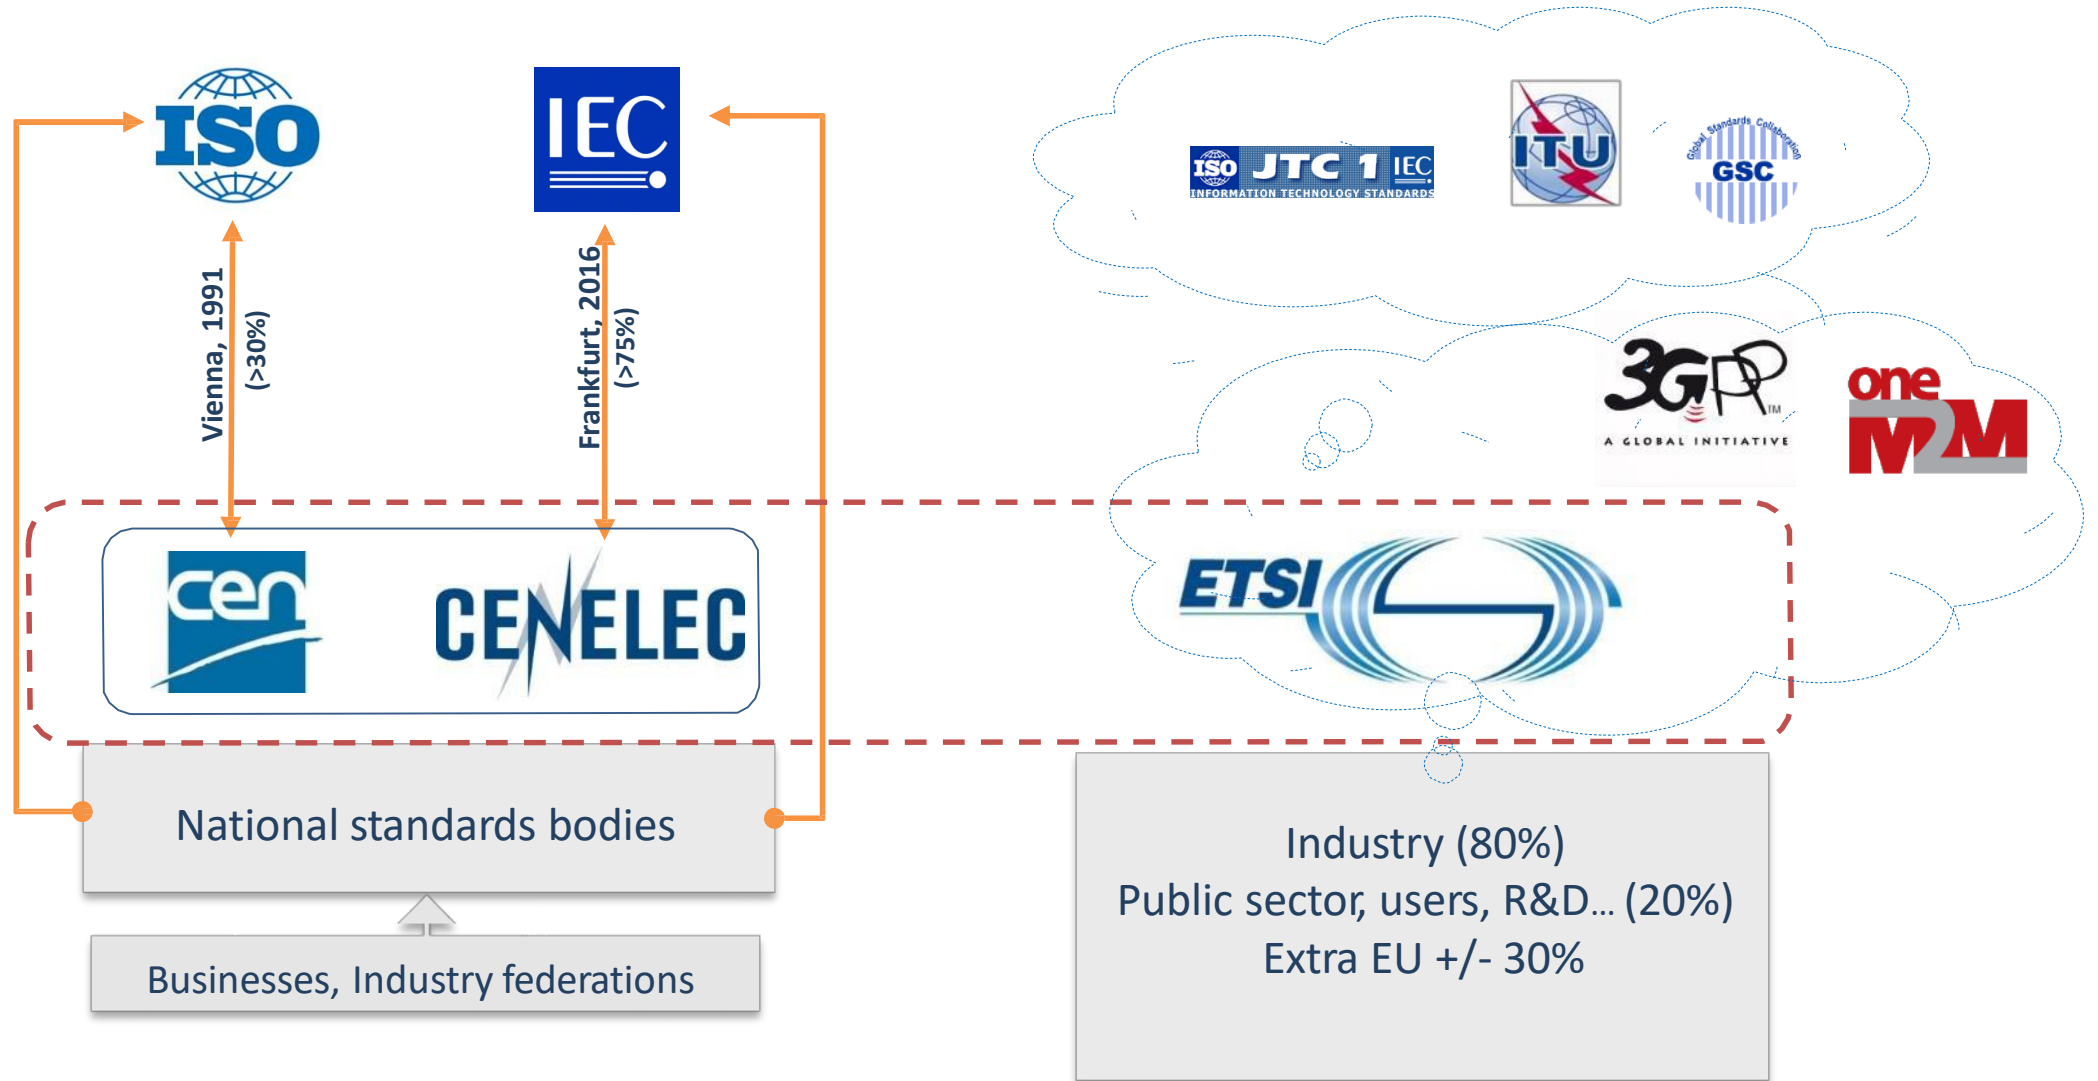

CCSA's Work Scope

CCSA develops National Standards, Sector Standards, and Association Standards for China's IT/ICT industry; It has also become a main contributor to international/global communications standards.

ETSI

Wish a successful cooperation!

ETSI ISG MEC and CCSA TC5 WG10/TC10 WG5 workshop on V2X
